TOWNSHIP HALL NEWS

We have a new Treasurer: Please welcome Debbie Pachman to the board. The board appointed her to the position of Treasurer the end of March.

The Township Board's Regular April meeting has been canceled. While the Township Hall continues to be closed, we are still responding to E-mails and phone messages. Please feel free to e-mail me at Supervisor@Fruitlandtwp.org if you have any questions or need information. If I'm not able to answer your question, I will direct it to someone who can. For the other Township Official's e-mail addresses, please visit our website.

WHITE LAKE COMMUNITY LIBRARY

VIRTUAL LIBRARY CARDS, HELP WITH DIGITAL RESOURCES, AND MORE

Let us help you get started with our downloadable books, magazines, audio books, and videos. We can help you with the apps, issue a virtual library card if you need one, and show you how to start enjoying the entertainment and educational resources available online.

If internet access is an issue for you, we can point you to some low- and no-cost solutions that may fit your situation. As always, free Wi-Fi is available around the clock in the library parking lot, as well.

With staff working remotely, the best way to reach us is by email at info@wlclib.org. We are also monitoring our Facebook messages. If you require assistance by phone, please call the library at 231-894-9531 for information on contacting a staff member.

We are continuously updating the library website to better serve you. We have added two new tabs, including:

- [COVID-19 Resources, featuring important information from trusted sources](#)
- [I'm Bored, full of links to interesting and entertaining online activities for kids and adults.](#)

We are in the process of streamlining access to our digital resources like Libby and Hoopla, and adding some helpful how-to videos, as well. Check back often to see what's new!

Learn about nature and history from home

NATURE LESSON VIDEOS FROM THE DNR

VIRTUAL INTERPRETERS	TREE DETECTIVES	TRACY'S TEACHINGS
Nature educators from our visitor centers around the state talk frogs, fish, birds, beavers, and more.	Join Keweenaw Pines park interpreter Craig Kanner as he shows you how to find clues to identify Michigan trees.	Our aquatic education coordinator shares knowledge about water dwelling critters and fish-related skills and activities.
MIRAHAL MAMA	80-SECOND SHAKES	WOLF LAKE HATCHERY TOURS
A series of 11 videos testing your knowledge of Michigan mammals as you investigate wildlife crime scenes. Check your answers here!	This video series will help you identify a variety of Michigan snake species you may encounter on your outdoor exploration.	Take a tour of the Wolf Lake Hatchery Visitor Center and learn how we raise millions of fish each year and why we love them.

With Michigan's school-age children now home for the rest of the school year, a lot of families are looking for educational activities and resources to fill the learning gap. DNR educators, with help from many partner organizations, pulled together an extensive list of links and materials focused on the outdoors and history that offer a variety of opportunities for at-home education and fun.

These resources are available at Michigan.gov/NatureAtHome.

"DNR educators are here to share natural resources and Michigan history information and to engage students, teachers and families to explore the outdoors and our state's heritage," said Kevin Frailey, DNR Education Services manager. "We have already heard from teachers telling us how they're using the resources in their online lessons with their students. This webpage is a way to keep the learning going while we're all staying home and staying safe."

More resources will be added to the page as they become available, so check back often. Questions? Contact Natalie Elkins at ElkinsN@Michigan.gov or MiProjectWild@Gmail.com or 517-290-0687.

COUNTY COMMUNICATOR

April 7, 2020

Muskegon County is Doing Their Part

Mark Eisenbarth, Muskegon County Administrator

Muskegon County Administrator, Mark Eisenbarth meets weekly with his staff to make the tough decisions needed to keep Muskegon safe and healthy while still maintaining the necessary functions to keep our beautiful county up and running.

This week alone has been particularly difficult with the approach of the COVID-19 peak in our great state along with the possible extension of Stay Home, Stay Safe, Save Lives Executive Order through April 30.

Administration is in close contact with our County Board of Commissioners, local Elected Officials, Community Leaders, State Elected Officials and the Governor's Office.

Since March 13, the date the Governor set forth to close the K-12 schools, the Administrator made the decision to close the county offices to the public. This was decided upon due to that 1,000+ daily visitors to each of the buildings for court dates, fine

payments, and other functions provided to the community by county offices.

The Board of Commissioners will evaluate all of the Executive Orders issued by Governor Whitmer and make adjustments accordingly.

To keep up to date on the latest changes, please like and follow the Muskegon County Facebook page. This page is updated regularly with the most recent information from our offices, local and state leaders.

As Governor Whitmer recommends so do I: in an effort to flatten the curve, please Stay Home, Stay Safe.

Dog License Renewal Due?

RENEWALS DUE IN MARCH OR APRIL WILL NOT INCUR LATE FEES. RENEWALS WILL BE AVAILABLE WHEN OFFICE REOPENS.

** Renewals due in January and February will incur late fees.
