Greetings!

Sable Points Lighthouse Keepers Association (SPLKA) exists due solely to its strong membership. With the help of hundreds of volunteers and donors, we manage four lighthouses within fifty-five miles of Lake Michigan shoreline- preserving, promoting and educating the public about the lights as we caretake while making them more accessible to tens of thousands of visitors. Your membership allows SPLKA to do this important work and with your help, the lights continue to shine!

GoFundMe

We know that each member has a lighthouse that they feel the most connection with, and we have been asked how can people donate to a specific light to help with a specific need. To answer these requests, we have set up a "GoFundMe" campaign for each lighthouse under our care that addresses certain needs.

GoFundMe is an online campaign site that can easily be "shared" with friends and families. Here are the links!
