*Hatfield Spraying Service, Inc is a family owned and operated business that prides itself in*

- providing the most up to date technology available in AG Aviation
- experienced & friendly personnel dedicated to providing excellent service and a job well done
- protecting our valuable natural resources here in Michigan and the Mid-West

*and has been privledged to do this for the past 40 years.*

### ABOUT HATFIELD SPRAYING SERVICE INC

● Hatfield Spraying Service, Inc (HSS) was established in 1970 by Bill Hatfield and his wife Nancy. Together with their children have built a thriving Agricultural Aviation business that has served Michigan for 40 years.

Always at the forefront of new technology HSS offers its customers state-of-the-art Global Positioning Systems (GPS) in each aircraft we fly. The GPS allows us to track exactly where our aircraft have treated.

Our air fleet consists of well maintained turbine powered aircraft that are piloted by pilots with 8,000+ hours of flight experience. The most of any firm in the Mid-West! And our service does not end in the air, our ground support team includes state-of-the-art equipment and experienced friendly personnel to make sure your job is executed from start to finish.

HSS prides itself in meeting and exceeding industry standards in all aspects of agricultural aviation. Our founder Bill Hatfield has been vital in establishing and running both the Michigan Association (MAAA) and National Association of Agricultural Aviation (NAAA) over the past 4 decades.

Our 40 years of experience means we are not only very experienced in agricultural work but in forestry and fire suppression work as well. HSS has years of experience working with private farmers/owners, townships, cities, counties, state and federal programs. This experience makes HSS the best firm for your ag aviation needs.

A satisfied customer is our ultimate goal. We do everything possible to monitor environmental conditions to provide you with the highest possible results from your treatment.
