#####

The Muskegon County Road Commission in cooperation with the Michigan Department of Transportation has scheduled a road improvement project on Michillinda Road from Whitehall Road to Zellar Road and Whitehall Road from Michillinda Road to Lakewood Road, Fruitland Township, Muskegon County, Michigan.

The contractor performing the work will be: Michigan Paving and Materials Company

The contractor has informed the Road Commission that work should begin on or after May 3, 2024, with anticipated completion on or prior to May 22, 2024.

The 4.22 mile project will consist of hot mix asphalt cold milling, single course overlay, aggregate shoulders and pavement markings on Michillinda Road and Whitehall Road.

According to the contract, traffic will be maintained with one lane. Non-local traffic is encouraged to seek alternate routes. Generally, you should be able to access your homes, though there will be activities that may cause delays in your commute, depending on your home's location.

If you have any critical health condition or other special condition, which you feel we should be made aware of, please feel free to contact the Muskegon County Road Commission.

If mailboxes need to be temporarily relocated you will be informed via a letter from the Road Commission.

We are hoping this letter will allow you time to prepare for this upcoming project and plan for any particular needs/concerns you may have. If you have any questions or comments, you may contact the Engineering Department at the Muskegon County Road Commission at 788-2381 and speak to either of the following gentlemen, Robert Machiela or Scott Saigeon.
