## PEST CONTROL SALESPERSONS

It has been brought to the attention of Township staff that a group of Aptive Pest Control salespersons are going door to door in the Township hard selling residents to purchase pest control services. After receiving several complaints, the Township made contact with Aptive's Corporate Supervisors and asked them to remove their salespersons from the Township and not to solicit within the Township boundaries in the future.

If you have signed up for these services, **you have three days to cancel**, if you so desire.

If you have any questions, please contact the Township Supervisor, Jeff Marcinkowski, at 231-766-3208.

## SEPTIC INFORMATIONAL WEBINAR

SepticSmart Week is September 15-19 and aims to raise awareness of effective septic management for residents whose wastewater is treated by a septic system. Michigan Department of Environment, Great Lakes, and Energy (EGLE) is offering a free webinar on September 15th at 9:00 AM about Septic Systems and the Environment, which is available to the public.

Webinar attendees will learn about:

- the basics of septic systems
- septic systems and the environment
- septic system operation and maintenance tips

Register for the webinar: [Septic Systems and the Environment](#)

If you can't attend the webinar, you can find more SepticSmart resources here:
