Fruitland Township Master Plan

The Planning Commission is in the process of writing a new 5-year Master Plan for Fruitland Township. The Master Plan serves as a guide for both the Planning Commission and the Board of Trustees when it comes to making land use decisions.

Last week, the Planning Commission, Board of Trustees and Parks & Recreation Commission met to discuss the process as well as some ideas and concerns.

The boards are working on scheduling another Joint Work Session with a representative from the company Williams & Works, who the Planning Commission is working with to write the Master plan.

Keep an eye out for communication about future meetings, community surveys, and other ways to make your voice heard.
