- b. **Feasibility study – NMP Duck Lake Rd to Duck Lake State Park Entrance-** DNR was not in favor of having the pathway continue to the DLSP Entrance. There were other options provided. A boardwalk from Duck Lake Road to Marcus Park would not require a permit from EGLE. They have seen permits for paved paths approved through EGLE, so a paved path or a boardwalk are still feasible options. Another option presented was to go down Duck Lake Road to Nestrom and connect to the State Park through Wabaningo. Funding for the pathway is sitting in HUD, but it can take up to 2 years for the funds to be released.
- c. **Solicitation Concerns in the Township-** Supervisor Marcinkowski will look into sample ordinances

d. Capital Project – Nestrom Park – Lights, Cameras, WiFi- The project did not get chosed for appropriated funding. P&R is asking the board to consider capital funding for this project for next year. More details need to be determined before approval is considered.

e. Letter – Scott St Pierre – 40 acres Blank and Lakewood

f. GMED Developer Day

g. New Parking - Nestrom Park – in conjunction with DNR Grant Accessible Pathway-proposal from Asphalt Paving, is \$49,700, which would come out of the Road Fund. OCBA (contractor for Accessible Pathway) will put out a bid for both the accessible pathway and the parking in Nestrom Park.

PUBLIC COMMENT –

Lin Wiedrich- advised the signs they are requesting could have a QR code for people to scan which could lead people back to the website showing how to opt-out of road spraying.

BOARD COMMENTS/DISCUSSION –

Trustee VanOosterhout advised he went to the MTA conference and listed his takeaways including conversations regarding short-term rental, board member zoom attendance at board meetings, housing affordability, data centers.

Supervisor Marcinkowski advised the last structure of the Nestrom Drain before it goes to White Lake was blown out in the heavy storms we had. It is not covered by insurance and Supervisor Marcinkowski is looking for quotes for repairs. He also requested the electric and gas turned off at 3319 Scenic- Beck Residence- and since they have not scheduled the demolition he will be moving forward with Press's for demolition. He will be inquiring with our attorney regarding if the garage should be taken down as well so it is not nonconforming use.
